

Before the 2nd educational meeting in Pobiedziska.

We prepared:

a) Presentations about the nature of Greece (location, climate, flora and fauna) and its natural wonders.

1) "About the nature of Greece", by Maria Kalliga, Nefeli Kotretsou, Dimitris Vargiamidis, Vangelis Voulgaridis (aged 13th, 1st grade of our school)

and 2) about the "Natural wonders of Greece). (by Maria Kalliga, Nefeli Kotretsou, Dimitris Vargiamidis, Vangelis Voulgaridis (aged 13th, 1st grade of our school)

b) An event in our school on the way to Pobiedzka, 31/3/2016

On Thursday, March 31, 2016 Mr. Michael Kouloumpis president of the Rhodes Environmental Protection Association presented the latest edition of the Association entitled "Natural Ecosystems. Wildflowers and orchids of Rhodes ". The book was co-funded by the European Commission and the Greek government (Prefecture of Dodecanese, AN.DO.A.E., Local LEADER Programme). In his presentation Mr. Kouloumpis after making an introduction to ecology issues, spoke about the need to protect natural ecosystems, stressing in particular the need to protect and promote the local natural environment and focused with numerous photos in the richness of the flora of the island of Rhodes. Afterwards, students of the project, presented to all the students of our school elements about the nature of all the countries participating to the project (location, climate, flora and fauna) and their natural wonders. In the following **video** we can have a taste of the event:
